It had been expected that JA-10B would have been identified along the south Niday DLC survey line with a north and south course. This assumption was in error. The February 3, 1857 road survey (1857 DLC JA-10B) at 6 chains north = 396' north reflects the relocation of the Trail 208' east of it's 1855 location at JA-10A.

Hugo Emigrant Trails Committee

Hugo is blessed with a rich heritage of historic roads, rough though they were. The *Hugo Emigrant Trails Committee* (HETC) was formed to bring together all those who want to learn more about the early transportation in the area, from the casual admirer to the dedicated researcher. Its aim is to collect and record information about Hugo's emigrant trails, especially its two historic 1850s General Land Office mapped roads, and to share this information (e.g., through *Hugo History Day*, talks, hikes, group visits, training exercises, workshops, publications, web sites, etc.).
