#### OUTDOOR RISK WARNING STATEMENT -

**WARNING!** There is a personal risk the individual assumes anytime he ventures into the "wilds" of Hugo. Non-paved roads can be dangerous anytime, but especially in near vertical terrain (i.e., narrow, steep, curvy, blind corners, edge of cliff, poor road material, overhanging vegetation, mud holes, loose rocks, changing conditions, etc.). Besides dangerous roads there are other environmental elements to prepared for: weather, hazardous terrain, potentially dangerous plants, and critters. The big "real" common concerns are hot summer heat, ticks, poison oak, and rattlesnakes. The *Hugo Neighborhood* assumes no liability for information provided, nor any harm that may result from individuals traveling into the "wilds."
