

FOR THE RECORD or NOT

The Term “Placed Before” Is a Term of Art.

As used in OAR 661-010-0025(1)(b), the term “placed before” is a term of art and does not merely describe the act of setting documents in front of the decision maker. Legislative decision making often involves less precisely defined procedures for compiling an evidentiary record than quasi-judicial decision making. *Witham Parts and Equipment Co. v. ODOT*, 42 Or LUBA 589 (2002).
