

## Agenda of Field Trip to Neely & Trimble Gravesites

**Hugo Graves Team**  
Hugo Neighborhood Association & Historical Society  
Inventory Trip, Wednesday, August 27, 2014  
10:00 a.m. - 11:30 a.m.

**Purpose** Hugo Graves Team's (HGT) purpose for a field trip to Neely & Trimble gravesites is to familiarize members with the gravesites and to consider a proposal to develop site specific cemetery plans for the pioneer Neely and Trimble gravesites. It is highly probable the gravesites are located in physical proximity to the Applegate Trail.

**Participants Invited** The Hugo Graves Team & Hugo Emigrant Trails Committee.

**Proposal** Bryan and Walker, members of HGT, make the recommendation to the HGT to develop site specific cemetery plans for the Neely and Trimble grave sites. Proposed roles of HGT members for developing the cemetery plans follow.

Ms. Bryan, HGT Member & Neely and Trimble Cemeteries Plans Coordinator  
Jean Boling, HGT Member, Cemetery Crawler (Cemeteries Expert), & Grants Advisor  
Liz Butowitsch, HGT Member & Outreach?  
Wayne McKy, HGT Member & Outreach?  
Mike Walker, HGT Member & Standards & Criteria Lead & Web Publisher

If developing site specific cemetery plans is approved by the HGT, it will develop the plans under the leadership of Bryan. It is assumed that their implementation will be carried out by a yet to be formed Historic Neely & Trimble Gravesites Team. These details are not available yet.

**New Inventories on Cemeteries and Home Graves Web Pages** There is a significant amount of additional "inventory" information on the draft updating of our cemeteries and home graves web pages (with or without cemetery plans), including draft concepts for a HuNAHS's Cemeteries and Graves Program Plan and a Neely & Trimble Historic Cemeteries Plan.
