

Hugo Community Sign Maintenance Committee

The *Hugo Community Sign Maintenance Committee* has two functions.

1. Maintenance of sign support structure, and
2. Maintenance of four cedar signs.

Art Chatham is remembered for his 2001 - 2002 dedication and wood working skills which resulted in Hugo's four signs.

The Hugo Community Sign was originally installed in phases. The structure was installed July 2002. The hanging signs were installed on a community sign dedication day which was May 10, 2003.

Tom Walker At Letter Work

removed the signs from their structure and replaced them back to the structure after they were renovated.

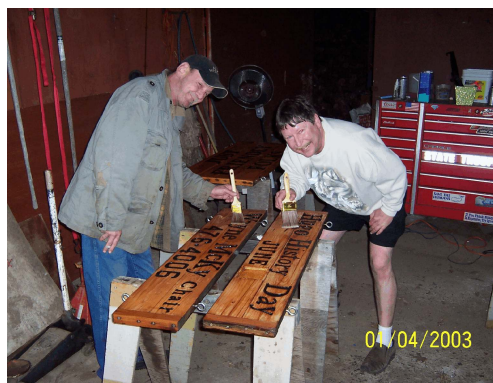

The major task of the Hugo Community Sign Maintenance Committee is to periodically inspect the sign structure and signs and determine when maintenance is needed. The job also includes coordinating volunteers to do the work of sign maintenance. The Hugo Neighborhood Association is responsible for all costs. Volunteers work pro bono.

Community Sign Dedication: May 10, 2003

Discussion and inspections by members of the *Hugo Community Sign Maintenance Committee* lead to the 2009 - 2010 sign renovation project.

Consultation Professional advice from Craig Skinner, Elite Floor Installations, was that the four cedar signs should not be sealed with oil based paints because of the wood's huge shrink and swell properties. The signs needed wire brushing, oil based paint removal, and then a sanding down to good wood. The last step was to apply a penetrating oil (e.g., due to its polymer-like properties linseed oil can be used on its own or blended with other oils, resins and solvents as a penetrator and varnish in wood finishing, etc.).

The Hugo community is continually indebted to Mrs. Lee Joy Walker for getting the necessary sign permit and allowing the community sign to be placed and maintained on her property.
