
Web Master's Duties

The Hugo Neighborhood Association & Historical Society (*Hugo Neighborhood*, or HUNAHS) decided it needed a Web Page and Web Master to more effectively communicate with its neighbors and local government. The use of "HUNAHS" is, we hope, a way to use the magic vowel 'U' in Hugo so we too can have our own county-wide catchword. Say it like you say Hugo, HU-NAHS.

Web Pages

The *Hugo Neighborhood* has two mission categories: land use and history. Projects are usually short term and conclude when the project ends. Our community sign and educational brochure program are long-term projects reflecting both categories.

Examples of land use projects include promoting citizen involvement, comments and/or participation with individual land use applications, protection of homes from wildfire, land use workshops, considering transportation impacts, septic system evaluations, airshed forums, protecting farms and forests, appeals of land use decisions to the Oregon Land Use Board of Appeals, aquifer investigations, and protecting our rural quality of life.

Examples of history projects include our annual *Hugo History Day*, inventory of Applegate Trail and Pacific Highway, transcription of Hugo Community Church and Josephine County Assessor journals, developing oral histories, educational workshops, deed research, cultural assets inventory, wildflower catalog, exploring our community's Indian legacy, orcharding research, writing articles for "Mondays Make History" and the *Oldtimer*, and interpreting and preserving our local heritage through public interest activities.
