## **Background**

In 2007 the legislature passed HB 3369 which required that Boards of County Commissions that have Local Public Safety Coordinating Councils (LPSCCs) compile and send the Oregon Criminal Justice Commission (CJC) annual reports on the operation of their LPSCCs. In the initial 2007 report, 28 out of 36 Counties submitted their reports. 30 out of 36 counties submitted their reports for this year's report (2009). The requirements are below:

### **ORS 423.569 Annual summary**

- (1) The board or boards of county commissioners that have convened a local public safety coordinating council shall publish an annual summary of program, service or budget changes made in response to the recommendations of the local public safety coordinating council described in ORS 423.560 and 423.565.*
- (2) The summary described in subsection (1) of this section shall be provided to the local public safety coordinating council and the Oregon Criminal Justice Commission. [2007 c.682 §1]*

The Criminal Justice Commission LPSCC subcommittee developed a report template for the LPSCCs and this was distributed to each LPSCC in December of 2007 with an explanation of the bill and a request that the LPSCCs send the CJC their reports prior to the Legislative session. This process was repeated each subsequent year. This report was submitted to the Legislature in April of 2010.

This report contains the reports from each county in alphabetical order. Due to differences in how some LPSCCs gather and report their data and how extensive some of the reports are, some of the reports will not be in the same format. Larger reports from Benton, Multnomah, Marion and Yamhill counties are posted on the Criminal Justice Commission website: [http://www.oregon.gov/CJC/lpscc\\_page.shtml](http://www.oregon.gov/CJC/lpscc_page.shtml).

Additional changes in LPSCC requirements occurred in the 2009 legislative sessions and are now embodied in **"423.565 Additional duties of public safety coordinating council.**

*(4) Create a facility advisory subcommittee when provided with the information described in ORS 169.690. The subcommittee shall be composed of the following persons:*

- (a) The affected law enforcement officer described in ORS 423.560 (1)(a) or (b);*
  - (b) A district attorney;*
  - (c) A mental health director;*
  - (d) A designee of the city council or county board of commissioners, whichever is affected;*
  - (e) A representative of an organization that advocates on behalf of persons with mental illness; and*
  - (f) A consumer as defined in ORS 430.073.*
- (5) If a written plan of action has been provided to the council under ORS 165.127, annually review the plan and, if appropriate, make written recommendations to the affected district attorney for plan improvements."*

**"169.690 Establishment of halfway houses and other facilities; advice of facility advisory subcommittee of local public safety coordinating council.** *(2) The facility advisory subcommittee of the local public safety coordinating council shall advise the city, county, department, authority or agency responsible for establishing the facility as to the suitability of the proposed facility and may suggest changes in the proposal submitted under subsection (1) of this section. The advice shall:*

- (a) Be in writing;*
- (b) Represent the view of the majority of the subcommittee; and*
- (c) Be provided to the city, county, department, authority or agency no more than 60 days after receiving the information described in subsection (1) of this section.*

*(3) If the city, county, department, authority or agency responsible for establishing the facility rejects any of the advice of the facility advisory subcommittee, it must submit its reasons in writing to the subcommittee."*

(HB 3369)**

County: Jackson

Report Period: 2009

Reporting Person: Lee Ayers, LPSCC chair, Randy Schoen, LPSCC vice-chair

*Please note any specific changes made in the recommendation in the Commission Action box*

Date	LPSCC Recommendation	Commission action: (accept/reject/modify)	Policy/Program affected	Funding provided
Jail update	Addition of beds for jail and expansion of Sallyport	Support and continued sharing of the progress reports .	Sheriff's office/all area LEA, courts, prosecution/defense and county probation /supervisory authority.	Approximately \$75,000 to \$125,000 will be used initially for the study.
9-1-1 Center	The county should support consideration of consolidation of PSAP/911 and Emergency Operations Center services and join with the City of Medford to build a joint facility. 9-11 center was an on going development and coordination of all the LE agencies in Jackson County	On going construction with occupancy as of Nov 2009.  Medford City Council approves pursuit of consolidation	Sheriff's office/all area LEA and emergency service responders.  SORC & RVCCOM Polices and procedures merged  Governance and bi-laws in principle have been agreed upon	The City of Medford and Jackson County applied and received a joint earmark from the Federal Government in the amount of \$700,000. The earmark was used to upgrade dispatch equipment that could support a consolidated center and to move RVCCOM to the new center. Additionally the City of Medford and Jackson County has received approval of an additional earmark grant in the amount of \$710,000 which will be used to consolidate SORC's and RVCCOM's Computer Aided Dispatch (CAD) system.
SB 77 stuff for us?	The county should continue to work to stabilize funding for public safety.	The BOC and budget committee have done a good job of maintaining public safety services in the face of declining local, state and federal revenues. The reauthorization of federal timber receipts in October of 2008 will help stabilize county funding in the short run, but will not provide long-term relief. This effort is paying off as we continue to maintain public safety levels. Discussion of SB 77 continues, but Jackson County is stable.	All state, county and local criminal justice entities and the public.	Millions.
Treatment and maintaining and expanding essential services	The county should work with community partners to develop a crisis hub to integrate mental health, alcohol and drug, and sobering and detox services.  City and County lobbyists have worked to encourage funding from the Oregon Legislatures	Study into this issue is ongoing and predates the LPSCC recommendation. A consultant was hired on August 8, 2007. Meeting have been held, but construction of a facility is looking less certain as of the fall of 2008, as area hospitals and the State Mental Health Division are less able to commit financially due to their own fiscal constraints. 2009....where are we on this? On hold. County is	Mental health, alcohol and drug, and sobering and detox services.  Sobering services down slightly in 2009  Mental health, alcohol, and drug recovery services are near capacity	Medford contributes \$45,000 per year of funding for sobering services

		considering building a building that could house these services		
Ongoing	BOC should allow LPSCC to use existing county contract with media firm to allow LPSCC to produce public television shows dealing with issues involving the criminal justice system.	PSCC produced a show dealing with SB 111 and officer-involved shooting issues, Public hearings were held throughout the county as required including one at Medford City Hall.	LPSCC, criminal justice agencies and the public.	\$5,000 per show.
Grant information	Local agencies have been encouraged to apply for stimulus grants.	Local agencies applied for stimulus grants they were qualified for.  JCCJ: Letter of support  OnTrack, Inc: Letter of Support	Grants primarily affected technology programs.  JCCJ: Supplemental Funding grant.  OnTrack, Inc: Supplemental funding for Community Family Court program.	The city of Medford was awarded a \$243,000 grant which was used to update cell phones, portable radios, tactical equipment, cameras, weapons and protective equipment.  JCCJ: Supplemental Funding grant provided 1.0 FTE to provide collections services for delinquent fee accounts with JCCJ.  OnTrack: Funding through the Criminal Justice Commission to provide supplemental funding for the Community Family Court program to maintain current service levels.

RE: HB3369 Reports

To CJC:

The Klamath County Local Public Safety Coordinating Council (LPSCC) is an advisory group without staff resources, financial resources or funding authority. Although members of the LPSCC are identified in statute, attendance and participation is voluntary. As such, we have chosen to use our meetings as an advisory forum reviewing community plans, information, or issues, presented by members of the council. The Klamath County LPSCC does not make policy or allocate funds.

Sincerely,

Steve Berger, Vice-Chair  
Klamath Local Public Safety Coordinating Council

2009 Annual LPSCC Report  
(HB 3369)

County: Lincoln

Report Period: January 1, 2009 to December 31, 2009

Reporting Person: Rob Bovett, Vice-Chair

The Lincoln County Local Public Safety Coordinating Council, currently Chaired by Hermann Welch, Mayor of Waldport, is charged with reviewing key planning efforts to improve public safety in Lincoln County. LPSCC plays a vital role in reviewing and approving plans for community corrections, juvenile crime reduction, and implementation of problem solving courts. There is also a special subcommittee of LPSCC that focuses exclusively on developing and implementing effective and meaningful responses to mental health issues that, unfortunately all too often, find themselves being resolved in the criminal justice system. See DA's Annual Report for more information about specific items below.
