# **Introduction**

## **2013 ANNUAL OREGON CRIME REPORT**

## OREGON CRIME REPORTING REQUIREMENTS

The Oregon Uniform Crime Reporting program was established by authority of ORS 181.550, enacted by the 1973 Oregon legislature. This statute requires all law enforcement agencies to report crime statistics. The statute reads:

**181.550 Reporting of crime statistics.** (1) All law enforcement agencies shall report to the Department of State Police statistics concerning crimes:

(a) As directed by the department, for purposes of the Uniform Crime Reporting System of the Federal Bureau of Investigation.

(b) As otherwise directed by the Governor concerning general criminal categories of criminal activities but not individual criminal records.

(c) Motivated by prejudice based on the perceived race, color, religion, national origin, sexual orientation, marital status, political affiliation or beliefs, membership or activity in or on behalf of a labor organization or against a labor organization, physical or mental disability, age, economic or social status or citizenship of the victim.

(d) And other incidents arising out of domestic disturbances under ORS 133.055 (2) and 133.310 (3).

(2) The department shall prepare:

(a) Quarterly and annual reports for the use of agencies reporting under subsection (1) of this section, and others having an interest therein;

(b) An annual public report of the statistics on the incidence of crime motivated by prejudice based on the perceived race, color, religion, national origin, sexual orientation, marital status, political affiliation or beliefs, membership or activity in or on behalf of a labor organization or against a labor organization, physical or mental disability, age, economic or social status or citizenship of the victim;

(c) Quarterly and annual reports of the statistics on the incidence of crimes and incidents of domestic disturbances; and

(d) Special reports as directed by the Governor. [1973 c.130 §2; 1989 c.1028 §1; 1991 c.552 §1; 1993 c.188 §11; 2007 c.70 §46]

## **DEVELOPMENT & COLLECTION OF DATA**

Reports were developed based on data submitted from agencies across the State of Oregon. Law enforcement agencies submit their statistical information in one of two formats:

- Summary based reporting system: Oregon Uniform Crime Reporting, (OUCR)
- Incident based reporting: Oregon National Incident Based Reporting System (ONIBRS).

Data has been provided by OUCR and ONIBRS reporting agencies throughout the year; this is the data that was utilized to compile this annual report. Please reference the Agency Reporting chart detailing the reporting format for each agency such as OUCR, ONIBRS, or both OUCR & ONIBRS, along with noting each month an individual agency reported data in the 2013 Calendar year.

The 2013 reports contain extracts from both OUCR & ONIBRS. Data from OUCR and ONIBRS are not a one to one comparison because of the different nature in their methodologies. Agencies submitting data utilizing the incident based format, ONIBRS, are providing a more comprehensive depiction than the data captured by the OUCR categories.

The data included throughout this report may vary slightly due to the timeframe in which the numbers were collected. Agencies have the ability to submit updated numbers throughout the year based on newly developed offense or arrest information.

## **ACKNOWLEDGEMENTS**

The Oregon Uniform Crime Reporting (OUCR) Program would like to acknowledge and recognize participating Oregon law enforcement agencies for their dedication to the OUCR/ONIBRS reporting programs. Without their efforts to provide the Oregon Uniform Crime Reporting (OUCR) Program with crime data, this report would not be possible.

The OSP Criminal Justice Information Services (CJIS) Division would like to take this opportunity to remind all Oregon law enforcement agencies of the approaching ONIBRS conversion deadline. All Agencies must transition to the ONIBRS reporting format no later than January 1, 2017.

### **ADDITIONAL DATA AND SUPPLEMENTAL REPORTS**

In addition to presenting information in offense and arrest groupings, the OUCR Program presents additional data for **Traffic Crime, Fish & Game, Marine Violations, Law Enforcement Officers Killed & Assaulted (LEOKA), and an Agency Offense and Arrest Summary.** Sections providing supplemental report information include the **Law Enforcement Employee Count, Domestic Violence, and Bias Reports.**

The additional data and supplemental reports are described below in the order in which they appear in the 2013 annual report:

**Index Crimes:** A statewide summary of the 8 crimes determined by the FBI to make up the Crime Index. The Crime Index is intended as a means of measuring and comparing crime from state to state on a national level.

**Regulatory Offenses and Arrests: Traffic Crime, Fish & Game, and Marine Violations:** A statewide summary of Regulatory crimes showing the number of persons arrested for each offense by age classification (adult or juvenile) and gender.

**Statewide Offense and Arrest Summary:** A statewide summary on the number of persons arrested for each offense by age classification (adult or juvenile) and gender.

**Law Enforcement Officers Killed & Assaulted (LEOKA):** The LEOKA Report provides detailed statewide information on Oregon officers killed and assaulted in the line of duty, the circumstances surrounding the incidents, type of assignments, and weapons used. This report provides detailed supplemental information that will be shown separately however the offense and arrest data associated with these crimes has been included in crime totals for the offense and arrest groupings listed above.

**Law Enforcement Employee Count:** This is supplemental information that will be shown separately. The report provides information on full-time Law Enforcement employees, male and female, sworn and non-sworn on the payroll as of October 31, 2013 for each law enforcement agency.

**Agency Offense and Arrest Summary:** The Offense and Arrest Summary by Agency Report provides detailed information for individual Law Enforcement Agencies on offenses and arrests reported for categories of; Crimes Against Persons, Crimes Against Property, Behavioral Crimes, Traffic Crimes, Fish and Game Laws, Marine Violations and totals for Index Crimes. This report provides detailed supplemental information that will be shown separately however the offense and arrest data associated with these crimes has been included in crime totals for the statewide offense and arrest groupings.

#### Note on Population data:

The Annual Oregon Uniform Crime report does not provide an analysis of crime across the state; annual crime statistics are provided based on reported crime data.

Jurisdictional population data is not reported to the OUCR Program therefore it has not been included throughout this report. Use caution when comparing crime statistics between county or city agencies, in order to establish a comparable basis, population must be taken into consideration. Below are links to the 2013 Annual Population Reports published by Portland State University. These reports present population estimates for Oregon and its counties and incorporated cities.

#### Note on definitions of Offenses and Arrests:

- The term “Offenses,” as used in this report for crime reporting purposes, is defined as “known criminal acts occurring within the reporting agency’s jurisdiction.” The reported offense counts are generated from receipt of a complaint or call for service. All reports of thefts and attempted thefts are included, regardless of the value of property involved.

Any law enforcement agency discovering, receiving a report, or investigating any offense occurring in its jurisdiction that would constitute a crime shall report these facts to the Oregon Uniform Crime Reporting (OUCR) monthly.

- The term “Arrest,” as used in this report for crime reporting purposes, may be defined as one or more of the following:
  1. The physical arrest of a person, adult or juvenile, held in jail, detention facility, or detained pending bail, hearing trial, etc.
  2. The issuance of a citation for a criminal offense. (A citation is issued for the person, adult or juvenile, to appear at a later date for felony, misdemeanor, or criminal violation charges, in lieu of being taken immediately into custody).
  3. The issuance of a traffic citation for appropriate traffic arrests listed in the OUCR manual.
  4. Persons, adult or juvenile, summoned or notified to appear in a court of law to answer criminal charges.
  5. Juveniles processed by police for criminal offenses and then released to parents, relatives, or guardians with no further action planned.

Any law enforcement agency arresting, citing or issuing a summons to any person (adult or juvenile) for any crime which occurred in its jurisdiction shall report these facts to OUCR monthly.

### **STATEWIDE INDEX CRIMES**

## STATEWIDE INDEX CRIMES

**INDEX CRIMES:** The crime Index was developed in the 1920s as a means of measuring crime on a national scale from one year to the next. Because state laws define crimes differently, specific crimes were chosen by the FBI to make up the Crime Index rather than include all reported crimes to compare at a national level. The following 8 crimes were selected because they are generally defined in the same manner from state to state.

The 8 crimes that make up the National Crime Index are:

Index Crime Categories	ONIBRS	OUCR
Wilful Murder*	✓	✓
Forcible Rape*	✓	✓
Robbery*	✓	✓
Aggravated Assault*	✓	✓
Burglary*	✓	✓
Larceny (Theft)*	✓	✓
Motor Vehicle Theft*	✓	✓
Arson*	✓	✓

\* Indicates Index Crime

Oregon Statewide Index Crimes are reported to the FBI each year. The FBI publishes national reports using Index Crime data provided by each state. Please be aware that the Index Crime numbers published by the FBI may not match the Index Crime numbers reported in the Oregon Annual Report due to the date reports are collected. Oregon Law Enforcement Agencies have the ability to submit updated numbers throughout the year based on newly developed offense or arrest information.

The 2013 reports contain extracts from both OUCR & ONIBRS. Data from OUCR and ONIBRS are not a one to one comparison because of the different nature in their methodologies. Agencies submitting data utilizing the incident based format, ONIBRS, are providing a more comprehensive depiction than the data captured by the OUCR categories.

For the purposes of ONIBRS reporting, the number of vandalism offenses is determined by the total number of property items reported [as] vandalized, rather than the total number of vandalism incident reports.

### **STATEWIDE BEHAVIORAL CRIME OFFENSES AND ARRESTS**

## Statewide Behavioral Crime Offenses and Arrests

**Behavioral Crimes:** Crimes that represent society’s prohibitions on engaging in certain types of activity, such as criminal offenses that violate laws relating to personal conduct, responsibility, and public order. Although not necessarily violent offenses or property offenses in themselves, they may often contribute to other criminal acts.

Note on ONIBRS Drug Law Totals: In ONIBRS reporting, more than one drug offense may be reported within one drug incident report. The numbers in the following table reflect the total number of Drug Law Offenses by type, rather than the number of drug related incident reports.

The 2013 reports contain extracts from both OUCR & ONIBRS. Data from OUCR and ONIBRS are not a one to one comparison because of the different nature in their methodologies. Agencies submitting data utilizing the incident based format, ONIBRS, are providing a more comprehensive depiction than the data captured by the OUCR categories.

Details by drug activity were not available at the time data was collected for PCP offenses and Breakout numbers for 'More than' or 'Less than an Ounce of Marijuana'. All Marijuana offenses are represented in one category.

Note: Due to differences in data type and reporting code options to agencies, detailed ONIBRS data for drug arrests by type of drug and activity is not available at this time. The OUCR Program is looking into a solution for future reporting. Please refer to ONIBRS Drug Law totals on page 17 in this section for general data on ONIBRS reported drug arrests.

# **LAW ENFORCEMENT OFFICERS KILLED AND ASSAULTED (LEOKA) & LAW ENFORCEMENT EMPLOYEE INFORMATION**

## Law Enforcement Officers Killed and Assaulted

The killing or assault of a law enforcement officer has a harmful effect on society that reaches far beyond the overt act. Such occurrences constitute an immediate threat to the well-being of the community and serious breach of the internal security of the country.

The Law Enforcement Officers Killed and Assaulted (LEOKA) Report provides detailed statewide information on Oregon officers killed and assaulted in the line of duty, the type of activity surrounding the incidents, weapon type used, and assignment type.

When reviewing the LEOKA information, the following needs to be considered:

- The data in the tables reflects the number of victim officers, not the number of incidents or weapons used.
- Not all agencies reported crime data for all months in the 2013 calendar year. See pages VIII-XII in the Annual Report Introduction to review the chart showing agency reporting format and months crime data was reported.
- The Federal UCR Program considers any part of the body that can be used as a weapon (such as hands, fists, or feet) to be personal weapons and designates them as such in its data.

## Law Enforcement Officers Feloniously Killed

In 2013, one officer in the state of Oregon was reported to have been feloniously killed while in the performance of duty.

## 2013 Law Enforcement Employee Count by Agency

As required by the FBI, the following numbers represent Law Enforcement Employee Counts by agencies as of October 31, 2013. Employee Counts are reported through the online O-NIBRS Repository and through mailed in supplemental reports. Starting in 2014 these reports will be entered electronically into the online O-NIBRS Repository for both OUCR and O-NIBRS reporting agencies.

This report provides information on all full-time Law Enforcement employees, male and female, sworn and non-sworn on the payroll as of October 31, 2013 for each law enforcement agency. This includes any budgeted full-time positions currently vacant. Vacant positions are reported in the Male count appropriately for sworn or non-sworn position.

NOTE: Jail and Corrections officers who are paid from law enforcement funds are also included. Full-time, sworn jail/corrections officers who also perform routine patrol functions on a daily basis have been counted as Sworn Law Enforcement Officers. Officers whose authority duty does not extend outside the jail have been counted as Law Enforcement Support Employees (non-sworn).

NOTE: A full-time position shared between two part-time employees has been entered as one count for a full-time position. If the position is shared by two part-time females, it has been entered as one female. Positions shared by one part-time male and one part-time female, have been entered as one male.

The 2013 reports contain extracts from both OUCR & ONIBRS. Data from OUCR and ONIBRS are not a one to one comparison because of the different nature in their methodologies. Agencies submitting data utilizing the incident based format, ONIBRS, are providing a more comprehensive depiction than the data captured by the OUCR categories.

Not all agencies reported crime data for all months in the 2013 calendar year. See pages VIII-XII in the Annual Report Introduction to review the chart showing agency reporting format and months crime data was reported.

### Note on definitions of Offenses and Arrests:

- The term “Offenses,” as used in this report for crime reporting purposes, is defined as “known criminal acts occurring within the reporting agency’s jurisdiction.” The reported offense counts are generated from receipt of a complaint or call for service. All reports of thefts and attempted thefts are included, regardless of the value of property involved.

Any law enforcement agency discovering, receiving a report, or investigating any offense occurring in its jurisdiction that would constitute a crime shall report these facts to the Oregon Uniform Crime Reporting (OUCR) monthly.

- The term “Arrest,” as used in this report for crime reporting purposes, may be defined as one or more of the following:
  1. The physical arrest of a person, adult or juvenile, held in jail, detention facility, or detained pending bail, hearing trial, etc.

## **Offense and Arrest Summary by Agency**

2. The issuance of a citation for a criminal offense. (A citation is issued for the person, adult or juvenile, to appear at a later date for felony, misdemeanor, or criminal violation charges, in lieu of being taken immediately into custody).

3. The issuance of a traffic citation for appropriate traffic arrests listed in the OUCR manual.

4. Persons, adult or juvenile, summoned or notified to appear in a court of law to answer criminal charges.

5. Juveniles processed by police for criminal offenses and then released to parents, relatives, or guardians with no further action planned.

Any law enforcement agency arresting, citing or issuing a summons to any person (adult or juvenile) for any crime which occurred in its jurisdiction shall report these facts to OUCR monthly.

## **Domestic Disturbances & Bias Reporting**

Domestic Violence statistics are unable to be completed at this time. While a many agencies have reported data for this category, there is not a standardized reporting format for agencies to use that allows the OUCR program to pull unified data.

Bias statistics have been provided as they were received, see page 221 for an account of which agencies submitted Bias Statistics for 2013.

OSP OUCR Program is currently seeking a solution to assist agencies with reporting this important data in a way that will be useful and complete. Specific information about data and individual reports may be available upon request by contacting:

## Domestic Disturbances & Bias Supplemental Report Submissions

ONIBRS reporting agencies are set up to automatically report their statistics on Domestic Violence and Bias crimes when they submit the regular crime data. Not all ONIBRS agencies reported crime data for all months in the 2013 calendar year. See pages VIII-XII in the Annual Report Introduction to review the chart showing agency reporting format and months crime data was reported.

OUCR reporting agencies submit supplemental reports through mailed in forms for Domestic Violence and Bias statistics. See the below chart to review OUCR agencies that reported DV and Bias statistics in 2013. Domestic Violence reports are submitted quarterly and Bias reports are submitted as they occur.
